USER ACCOUNT PROFILE

This page shows user account details(Profile). Like name, dateofbirth, user picture, address, contact information , email, mobile etc.

The screenshot shows a user profile page on the Yellow website. The page is titled "User profile" and features a user profile card on the left with a profile picture, the name "Grace_Campbell123", and a star rating of 3. Below the profile card are links for "REVIEWS I'VE GIVEN" and "MY SHORTLIST". The main content area is divided into three sections: "Details", "Fly Buys Number", and "Contacts". The "Details" section contains fields for "Display name" (Grace_Campbell123), "Date of birth" (12 12 1991), "First name" (Grace), "Last name" (Campbell), and "Gender" (Male). The "Fly Buys Number" section shows a field with four "XXXX" placeholders and a "MORE INFO >>" link. The "Contacts" section includes fields for "Your email", "Mobile number" (092234450345), and "Location" (Chuwbacca). A dropdown menu is open from the user profile icon in the top right corner, showing options: "User profile", "Review's I've given", "My businesses", and "Sign out". At the bottom of the page, there is a footer with "Popular business categories" and a list of categories: Trades & services, Automotive, Health & beauty, Medical, Food & Drink, Travel, Community, and Retail & shopping.

Conclusion

Frontend is the most important part in the UI which enables user to attract and gives a better user experience. Tried to give a good UX experience and better features in our E-commerce. As with respect to time new changes and new features will be added to our online store.

THANK YOU 😊
